Thank you for choosing Alaska Health Fair events! Please note that all health fairs feature affordable, comprehensive blood tests. AHF is a nonprofit providing health education, preventative screenings, and affordable blood testing since 1980. We partner with hundreds of local health, wellness, and safety-focused organizations to connect you with the resources available in your community. Please make sure to visit our Exhibitors listed below.

Sales are not allowed at AHF events so that attendees can enjoy a pressure-free environment conducive to health education. Please note that although the following organizations have confirmed their participation, on rare occasions Exhibitors are not able to make it to an event due to circumstances outside of their control. Again, thank you for considering AHF health fairs! We hope to see you soon!
